PROFESSIONAL SUMMARY

Software Engineering student at Addis Ababa Science and Technology University with hands-on experience building responsive websites and full-stack web applications. Skilled in JavaScript, React, HTML, CSS, and C++, with foundational Python knowledge and practical experience using Node.js, Express.js, and PostgreSQL. Interested in web development, software engineering, and building practical solutions through project-based learning.

EDUCATION

Addis Ababa Science and Technology University (AASTU) 2024 – Present
BSc in Software Engineering · Expected graduation: 2029

TECHNICAL SKILLS

Programming	C++, JavaScript, Python (basic)
Web Development	HTML, CSS, React, responsive web design
Backend	Node.js, Express.js, REST APIs
Database	PostgreSQL
Tools	Git, GitHub, VS Code

FEATURED PROJECT

SmartClinic Pro — Full-Stack Healthcare Management Website | GitHub Repository

- Built a responsive healthcare web application using React.
- Developed patient and administrator authentication and dashboard interfaces.
- Implemented doctor management and appointment-booking functionality.
- Created REST API endpoints with Node.js and Express.js, using PostgreSQL for user, doctor, and appointment data.

CERTIFICATIONS & LEARNING

Udacity — Programming Fundamentals Nanodegree | View Certificate

Google Developer Groups (GDG) AASTU — Web development learning and developer activities

ADDITIONAL INFORMATION

Languages: English, Amharic • **Interests:** Web Development, Software Engineering, Open-Source Development
